

Your small business protection plan

SH39 Shredder

The smart, secure way to destroy confidential records

Whatever the size of your business, you can't afford to have sensitive information getting into the wrong hands. The new SH39 shredder from Pitney Bowes is the smart, secure way to destroy confidential records in any media before you recycle them. Designed for the small office/home office, the SH39 provides the quality, versatility and durability you won't find in the shredders sold by the office superstores, at a price you can afford. So get the peace of mind that comes with superior technology and a name you trust.

Versatile and easy to use

The SH39 shredder is loaded with features and incredibly versatile for light duty needs, with hands-free operation that makes it safe and easy to use. There's no need to remove staples or paper clips before shredding paper documents—and it handles paper and digital media like CDs, DVDs, floppy disks and credit cards with equal ease. With its small footprint and quiet operation, the model SH39 will fit seamlessly into your office workflow.
